Millennium Collection

| about DOUBLE DUTCH

"Double Dutch" is a sport that teammates coordinate with their teammates to manipulate two jump ropes while expressing themselves.

It is a highly performative discipline that combines dance, acrobatics, and rope tricks to music. In recent years, it has also gained global attention as a form of urban sport.

Who is... Millennium Collection

A highly skilled Double Dutch team whose members have all won world championships.

We expertly manipulate two ropes, blending advanced techniques with musicality. And we are also dedicated to nurturing the next generation, coaching over 50 students.

In December 2023, we won the second place at an international competition held in New York, and then, we have expanded our activities across Japan through performances and workshops.
